

**Resolution 17-038**

**Bridge Re-Inspection Program Resolution  
for use with SDDOT Retainer Contracts**

Whereas, Title 23, Section 151, United States Code and Title 23, Part 650, Subpart C, Code of Federal Regulations, requires initial inspection of all bridges and re-inspection at intervals not to exceed two years with the exception of reinforced concrete box culverts that meet specific criteria. These culverts are re-inspected at intervals not to exceed four years.

Therefore, the City of Brookings is desirous of participating in the Bridge Inspection Program using Bridge Replacement funds.

The City of Brookings requests SDDOT to hire Civil Design Inc. for the inspection work. SDDOT will secure Federal approvals, make payments to the Consulting Engineer for inspection services rendered, and bill the City for 20% of the cost. The City of Brookings will be responsible for the required 20% matching funds.

Dated this 28<sup>th</sup> day of March, 2017, at Brookings, South Dakota.
