

**Resolution 19-021**

**Resolution in Support of a Polling Location on the SDSU Campus**

Whereas, Brookings County and the City of Brookings formerly had a polling location on the SDSU campus; and

Whereas, the closest polling location to campus is located approximately one mile away; and

Whereas, SDSU has over 2,000 employees and over 10,000 students that live in or around Brookings; and

Whereas, all students are allowed to register to vote in the City of Brookings Municipal Elections, so long as they live in the Brookings community or on campus; and

Whereas, an on-campus polling location would increase access for the thousands of staff, faculty, and students whom encounter the SDSU campus every day; and

Whereas, the polling location would expand voting access to all City of Brookings residents; and

Whereas, creating a polling place accessible to students helps cultivate active voters, which will positively affect their communities.

Now, Therefore, Be It Resolved that the City of Brookings supports the implementation of an on-campus polling location at the SDSU Alumni Center for the City of Brookings.

Further, Be It Resolved the SDSU Alumni Center and Foundation supports the use of their facility, which offers parking spaces and handicap accessible entrances, for a polling location.

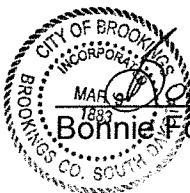

Passed and approved on the 12<sup>th</sup> day of March, 2019.
