An Ordinance amending Chapter 2 of the Code of Ordinances of the City of Brookings, and pertaining to the Dedicated Public Art Fund of the City of Brookings.

Be It Ordained and Enacted by the City Council of the City of Brookings, State of South Dakota, as follows:

I.

Chapter 2, Article IV, Division 3. Dedicated Public Art Fund.

That Section 2-112 shall be amended as follows:

Sec. 2-112. – Findings.

The city council finds that public art and design enhances the environment of the City of Brookings, enriches the lives of its citizens and improves the value of the city's public spaces and buildings. In addition, the presence of public art encourages the careers of professional artists and provides possible opportunities for their employment and career advancement. Moreover, it is the vision of the city council to support the creative class because a creative workforce is important for economic growth and a vibrant community. The council further finds that art can be more fully appreciated if it is publicly displayed as opposed to merely confined to the internal premises of galleries and museums. Finally, a dedicated funding source for an established program of public art enhances the reputation of the city and serves as a vehicle for attracting new businesses and talent to all sectors of the community.

That Section 2-113 shall be amended as follows:

Sec. 2-113. – Purpose.

The purpose of the dedicated public art fund is to provide funding for the design, purchase, acquisition, installation and maintenance of public art as well as other public art-related activities for the City of Brookings.

That Section 2-115 shall be amended as follows:

Sec. 2-115. – Administration of the fund.

In accordance with Government Accounting Standards Board Statement No. 54 (“GASB 54”), the dedicated public art fund shall be reported as part of the general fund for financial reporting purposes, but shall be maintained individually for accounting purposes and budgetary comparisons. The city council shall have final approval of

all policies and guidelines recommended by the commission, and shall also approve proposed expenditures for public arts projects which equal or exceed \$25,000.
