2018 TRAFFIC SAFETY COMMITTEE OVERVIEW

Traffic Safety Committee strives to improve safety and general road conditions for pedestrians and vehicle traffic. Duties and responsibilities of the committee include recommending traffic safety solutions that meet local needs, advise the city manager, city engineer and city council, reviewing and improving traffic and safety applications for funding, responding to public concerns and aiding the overall reduction of traffic accidents. The committee discusses and updates parking, speed limit, stop sign, bicycle traffic and other rules and regulations. There are 13 members on the committee.
